

SCAVENGER HUNT IN KFBG

INTRODUCTION

Interact with nature even you are at home! Enjoy a short nature video clip, observe carefully and see whether you can find the surprises shown in the following pages. Tick the box if you successfully spot them.

WHAT TO NOTE?

- Find a relaxing corner at home to enjoy the video clip
- Adjust the brightness of your screen to a comfortable level
- Invite your family or friends to be your scavenger hunt buddies
- Share your findings with family and friends after the hunt
- Be open, relaxed, and simply allow yourself to enjoy the video

WHAT TO PREPARE?

- Avoid staring at the screen for too long and too closely. Take rest at reasonable intervals
- Stay focus and switch off any ringing device when you are enjoying the video

BE THE NATURE PAINTER!

- Cut out the frame along the cutting line
- Observe how beautiful and colorful nature is in the video
- Place the frame onto the screen when you find a nice shot and let nature fill the color!
- Appreciate the art work

ENJOY ME TIME IN NATURE!

If you have chance to take a short outdoor walk, engage with all your senses and take a picture of the unforgettable scenarios when you discover the following...

**When you hear water flowing in nature
When you hear birdsong**

When you smell freshness in the air

When your fingers touch a special texture

**When you see something that makes you say 'wow'
When you find an area with no one else in sight**

When you find something edible in nature

**When you encounter something that makes
you smile**

**When you see hope for the future
When you feel at one with nature**
